committee please contact the NUA at [nua@ualberta.ca](mailto:nua@ualberta.ca) :)

***Edmonton Transit System***

The City has partnered with the Edmonton Student Alliance on this research project. This 12-to 15 minute survey aims to understand the diverse transit experiences and travel patterns of post-secondary students in Edmonton. Findings will inform recommendations to further support post-secondary student riders now and as they transition into the workforce.

Students who complete this survey can enter to win 1 of 20 \$50 prepaid Visa gift cards in exchange for their time!

To complete the survey  
visit [here](#) and click  
"Post-secondary Transit  
Survey"  
under the survey section.

CACCN - Alberta

# Student Placement Experience Survey

Fill out the  
survey through  
the link in our bio  
if you're a health  
sciences  
student!

## How will the results be used?

- Results will be shared in a progress report with the Deans of the faculties of the College of Health Sciences to ensure leadership is aware of the issues and can act on them.
- They will be presented to the Office of Dean of Students to support meaningful action on the courses raised.
- They will be presented to the University of Alberta Students' Union Council to explore advocacy opportunities beyond campus.
- A public report will also be released for students to view.

# APPLY TO BE A MENTOR WITH THE PEDIATRIC GRADUATE STUDENTS' ASSOCIATION (PEDSGSA)!

The Pediatric and Physiology Graduate Students' Association (PedsGSA/PhyslGSA) are pleased to announce that applications for mentees are now open in our collaborative Mentorship Program. As a mentee, you will have the opportunity to learn from senior graduate students, medical students, MD/PhD candidates, and faculty members.

You will have the chance to ask questions about your mentor's experience as a late-stage researcher in areas including, but not limited to: academics, lifestyle, career development, and planning.

APPLY TO BE A MENTEE BY DECEMBER  
15TH!

# Join Us for our Incident Analysis and Proactive Risk Assessment Workshop for Health Care Professionals Virtual Workshop

This virtual workshop will provide health care professionals with background theory and hands-on practice in incident analysis using Root Cause Analysis (RCA) and in proactive risk assessment using Failure Mode and Effects Analysis (FMEA). Available on Nov 27-28, 2025, Jan 29-30, 2026, Feb 21-22, 2026 and March 26-27, 2026.

Visit <https://ismpcanada.ca/education/> for more information or email [education@ismpcanada.ca](mailto:education@ismpcanada.ca) for any questions.

## Objectives

- Investigate adverse events and critical incidents in healthcare
- Identify and analyze root causes and contributing factors
- Proactive identification of problems and processes

# Join our Medication Reconciliation and Best Possible Medication History Virtual Workshop

## Workshop updated with our 2024 guide!

This 1-day live facilitated virtual workshop teaches health care professionals the fundamentals of medication reconciliation (MedRec) and Best Possible Medication History (BPMH) while providing hands-on practice with case scenarios on how to conduct in-person and virtual medication history interviews. This workshop is available on November 14, 2025 or March 14, 2026 workshop.

Visit <https://ismpcanada.ca/education/> for more information or to register. If any questions, please email [education@ismpcanada.ca](mailto:education@ismpcanada.ca)
